1. A DDA	24 SEP 1986			Bill--
2.				This is a follow-up on your memo to Dan and me regarding your concern about overseas DESIST in-
3. DDA	25 SEP 1986			stallations. Dan and I have talked and, as you pointed out, we have agreed OIT will take the lead on the DESIST activity as we have been.
4.				I talked with Dewey, told him about your/our concerns, and have his agreement to document his require-
5. EXA/DDA	9/29		JM	ments regarding his projections for DESIST overseas. I alerted him to the fact that, based on what I
6.				have heard from our project manager, resource implications on the network were beyond the scope of either his
7. MS/DA				or our office and we probably need to involve the Deputy Directors before any decision to proceed is
8.				made. I think he understands where we are coming from and I will put all this in writing to him as part
9. DDA Reg.				of my reply to his requirements paper. I have cautioned the pro- ject people not to make any oral
10.				agreements regarding the installa- tions prior to our formal acceptance (if we do) of the requirements. I
11.				have also told them that since the Director of Communications has con- curred in our leadership role in
12.				this program, we have a special responsibility to protect their interests. Will keep you informed.
13.				
14.				P.S. Sources tell me that Dewey has come under considerable pressure to allow DIA to employ these terminals to certain military installations
15.				overseas via the DODIIS network. The plot thickens........
